

Tecumseh Family,

This year we will have an in-person orientation for both 7<sup>th</sup> and 8<sup>th</sup> grade students. In order to ensure appropriate social distancing, students are invited to attend assigned sessions capped at 90 students total. Specific assignments are listed below. Upon arrival, the group will be subdivided into three smaller groups. Each group will rotate through three different stations: ID pick-up/building tour, expectation workshop with Covid related training, and student device deployment. The orientations are limited to students only and parents are asked to drop students off and pick up via the front door off of 18<sup>th</sup> street. Given the uncertainty associated with Covid, it is imperative that all students, both students that choose in-person and those that choose virtual instruction, attend orientation in order to receive their school device. Students that can't attend on their identified date and time can call the office at 772-4750 and request an alternate time on Monday, August, 17<sup>th</sup>. Please note that students must be registered online in order to receive their device during orientation. Also note that students that have not returned their device from last year will not receive a new device at orientation. All students, staff, and visitors must wear a mask when entering the building.

Sincerely,

Brandon Hawkins
